

complicated...but we have the Know-How!

RUSSIA

The organization of international supply chain management requires a high degree of professionalism and responsibility in order to ensure the best way of transportation.

For the logistical procedures and processes various considerations have to take place. With our Russian speaking personnel we can offer customized transport processes in consideration of the customs clearance procedures and the international rules. In cooperation with our national partners we combine the country-specific conditions and requirements with our transport concepts.

Additional services:

Ex- and Import customs clearances

Ex- and Import by land, sea and air
commissioning and distribution
warehousing

access to special equipment
for project shipments

Please contact us for an individual logistic package. Our know-how at your disposal
